This game made me puke into the toilet. Gone play it again after i clean it.. Lara is already dirty, and with this skin she became more Dirty.

Gaaawddd <3 xP. the game bugged out so many times and there were tons of glitches, the story was terrible and made no sense and had nothing to do with th plot whatsoever. completed the game faster than the game took to download. If you like Bejeweled, then you will love this.

Man, I just wish it had better music.

7/10. After playing this game for only a short amount of time, I immediately found out that it was absolute rubbish. 2/10 stars.

Everything was fun until the fire nation (level 6-5 & 10-5) attacked. Seriously though, easy fun game but 6-5 and 10-5 almost made me punch a hole through my computer.. I really like the Export Keyframes to PNG/GIF option and bone tool. It's a great software for creating quick individual character animations.. Worst platformer/shooter I've played in ages.

This game gets it all wrong. Gamepad controls can't be configured and the configuration is badly chosen. Rules are poorly explained, complex and not any fun.

And finally, after only a few minutes of gameplay, when I tried to restart from the first level in classic mode the game locked up on me.. I consider this as a triple A game, come on launching a baby off , granny becomes a cannibal, granny has a john cena like face, child abuse, etc. What more can you ask for ? The best 4 bucks I spend on 11/10.. I was waiting for the Goldy Corp since DEMO version and it was totally worth it! Gameplay is improved a lot. Playing the game is fun. Just need to check this out! :). Very enjoyable. My only complaints are (1) lack of options for things like tracker visibility, and (2) only four heroes to choose from. Fun graphics, great sound, challenging gameplay. And cheap!. The Escapists with guns..... HECK YEAH. This nails the late-80s NES games vibe very well. The limited color palette matches; the indistinct enemies match; the brutal difficulty matches; the controls are just as simple (move, jump, shoot ... you need more?). What it doesn't match is the tight level design and the compelling reason to keep playing that old NES games had.

It's definitely worth the low price for the nostalgia trip, if you ever played old NES games (think the original Ninja Gaiden), but it's far from perfect.. Super fun game to play with friends!!

Patch 4.1.0 is now available:

Patch 4.1.0 has just been released and brings new improvements and some bugfixes. As always it will be downloaded and installed automatically here on Steam.

As many of you already noticed Steam trading cards have been online for some time now. And we have added some EMERGENCY 20 themed wallpapers to [our website](http://our-website.world-of-emergency.com).[\[world-of-emergency.com\]](http://our-website.world-of-emergency.com)

Thank you for your feedback and your help in finding and identifying issues!

Patchnotes:

Gameplay:

- EMERGENCY 5
 - Hamburg flood, one car would sometimes not spawn after repeating the mission
- EMERGENCY 2016
 - Supermarket robbery, the robbers now take much longer to escape
- EMERGENCY 20
 - Tornado, fixed the collision of a fence
 - Train Crash, fixed that one person could be placed inside a train after being freed
 - Fixed the door of a taxi in the mass collision event
 - Tires will now always be towed with cars in the mass collision event
 - Nuclear disaster, evacuation vehicle now always has just 6 seats
- Improved visualization of towing rotated cars
- Improved behaviour of the weather when repeating missions

-
- The rescue dog team now no longer can be unresponsive after getting into and out of their car
 - The supervisor will stop giving tips after the mission has already failed

. **EMERGENCY 20 now available on Steam!:**

EMERGENCY 20 is now available on Steam. It contains 10 classic missions from EMERGENCY 1-4 re-imagined in our most recent technology. Now you can relive the atmosphere of the older titles and enjoy the wonderful current graphics at the same time. In addition, EMERGENCY 20 contains all content from EMERGENCY 5, EMERGENCY 2016 and EMERGENCY 2017.

For our long-term fans we have included video clips featuring EMERGENCY-Creator Ralph Stock talking about the history and design of every one of the original missions.. **EMERGENCY 4 Deluxe re-released now!:**

[EMERGENCY 4 Deluxe](#) is now available on Steam.

Have fun with the classic gameplay in the campaign, free play and multiplayer!

If you want even more EMERGENCY CLASSICS in your library, check the bundle to get a discount on EMERGENCY 3 and EMERGENCY 4 Deluxe!

. Upgrade discount now available:

Finally the upgrade discount for owners of EMERGENCY 2016 or EMERGENCY 2017 is available.

In addition to any other discount you can get EMERGENCY 20 66% off until the 21st of December, if you have EMERGENCY 2016 or EMERGENCY 2017 in your steam library.. **EMERGENCY 20 for Mac coming December 2017:**

EMERGENCY 20 is already out on Steam, now we are working on finishing up the version for Mac. And we are especially happy that – for the first time – we can offer a macOS version here on Steam.

EMERGENCY 20 for Mac will in all likelihood be available in December 2017.

With EMERGENCY 20, Mac users will be able to enjoy the 10 re-imagined classic missions and our developer videos. The macOS version will include all the campaigns, free play and multiplayer maps of the pc version, but will not support modding.

Mac users who own EMERGENCY 5 or EMERGENCY 2017 can also look forward to a new patch.

. New Patch for EMERGENCY PC released:

Patch 4.2.0 brings improvements for modders and smaller bug fixes.

The patch will be applied automatically through Steam.

Patchnotes:

Gameplay

- Fixed error with updating fire and injury bars in Multiplay clients
- Fixed error that could cause switch boxes to become unusable after being on fire

Modding

- PersonAnimationController can now be overloaded
- Added missing API exports
- Expanded API with additional features (e.g. vehicle sirens, limits to zoom/pitch, automatic extinguishing)
- Added more code snippets to the SDK (e.g. unit logic, target points, multiplayer and editor functions)
